Average Energy Prices, Philadelphia-Camden-Wilmington – January 2018

Gasoline prices averaged \$2.733 a gallon in the Philadelphia-Camden-Wilmington area in January 2018, the U.S. Bureau of Labor Statistics reported today. Sheila Watkins, the Bureau's Regional Commissioner, noted that area gasoline prices were up 6.7 percent from last January when they averaged \$2.562 per gallon. Philadelphia-area households paid an average of 14.7 cents per kilowatt hour (kWh) of electricity in January 2018, close to the 15.2 cents paid in January 2017. The average cost of utility (piped) gas at \$1.090 per therm in January was 8.3 percent higher than its price of \$1.006 per therm a year earlier. (Data in this release are not seasonally adjusted; accordingly, over-the-year-analysis is used throughout.)

At \$2.733 a gallon, the price for gasoline in the Philadelphia area was 5.3 percent higher than the national average of \$2.596 a gallon in January 2018. Gasoline prices in the Philadelphia area ranged from 6.4 percent higher to 1.7 percent lower than the national average in January for the previous four years. (See [chart 1](#) and [table 1](#).)

Source: U.S. Bureau of Labor Statistics.

The 14.7 cents per kWh that Philadelphia households paid for electricity in January 2018 was 8.9 percent higher than the nationwide average cost of 13.5 cents per kWh. Last January, electricity prices in Philadelphia were 13.4 percent higher than the nation. From 2015 to 2016, prices paid by Philadelphia-area consumers for electricity in January exceeded the U.S. average by 15.2 percent or more. (See [chart 2.](#))

The Consumer Price Index for February 2018 is scheduled to be released on Tuesday, March 13, 2018, at 8:30 a.m. (ET).

Technical Note

Average prices are estimated from Consumer Price Index (CPI) data for selected commodity series to support the research and analytic needs of CPI data users. Average prices for electricity, utility (piped) gas, and gasoline are published monthly for the U.S. city average, the 4 regions, 9 divisions, 2 population size classes, 8 region/size-class cross-classifications, and the 23 largest local index areas. For electricity, average prices per kilowatt-hour (kWh) are published. For utility (piped) gas, average prices per therm are published. For gasoline, the average price per gallon is published. Average prices for commonly available grades of gasoline are published as well as the average price across all grades.

All eligible prices are converted to a price per normalized quantity. These prices are then used to estimate a price for a defined fixed quantity. The average price per kilowatt-hour represents the total bill divided by the kilowatt-hour usage. The total bill is the sum of all items applicable to all consumers appearing on an electricity bill including, but not limited to, variable rates per kWh, fixed costs, taxes, surcharges, and credits. This calculation also applies to the average price per therm for utility (piped) gas.

Information in this release will be made available to sensory impaired individuals upon request. Voice phone: (202) 691-5200; Federal Relay Service: (800) 877-8339.

The **Philadelphia-Camden-Wilmington, PA-NJ-DE-MD Core Based Metropolitan Statistical Area** includes Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties in Pennsylvania; Burlington, Camden, Gloucester, and Salem Counties in New Jersey; New Castle County in Delaware; and Cecil County in Maryland.
